

China Health Care (OTCBB: CNHL) is a pioneer in the Chinese healthcare services market (maternal/child) by providing premium services to the rising middle-class population. China Healthcare integrates Western medical/management methodologies and Eastern efficiencies and is poised to become a leader in the specialty- hospital and continued family-care markets.

Chief Executive Officer, Jay Macfarland and Chief Operating Officer, Dr. Ken Lee will be available the week of August 11-15, 2008 for 1-on-1 meetings. Requests are being arranged through Jennifer K. Zimmons, Ph.D. at 212-838-1444 - jzimmons@sgi-ir.com .

China Health Care will provide updates on their plan for debuting into the US financial markets and expanding business model within China. For additional information, please see attached Fact Sheet and visit <http://www.china-healthcare.us>
